## Carney accident

# Foreman seeks homicide charge

by GLORIA DAVIS

Scott E. Barnes, 29, Oak Lawn, driver of the other car that was involved in the accident that killed Mary Carney, Antioch, on Nov. 18, has to date not been cited in connection with the incident.

The records department of the Lake County Sheriff's Dept. show no charges pending presently against Barnes for the Nov. 18 accident.

According to States Atty. Fred Foreman the report that his department received from the Lake County Sheriff's Dept. was not complete enough and he has ordered that department to conduct a further investigation into the matter.

Peter Trobe, assistant state's attorney in charge of investigations into possible reckless homicide cases, said that he is in the process of gathering evidence in the case to see if there is sufficient cause for bringing reckless homicide charges against Barnes at the next Lake County Grand Jury hearing on

Thursday, Dec. 16.

Trobe said that a blood alcohol test had been given Barnes after the accident but reported that he could not reveal the results of that test until after the grand jury hearing.

Barnes had told a deputy at the scene of the accident that he remembered only going for a drink with friends after midnight until he saw Carney's car in front of his at 6:28 a.m. He had agreed to the test at the accident scene.

Reports that Barnes is subject to seizures of some nature were also not corroborated by the state's attorney's office but are also being investigated.

Anyone subject to seizures is required to report this fact to the secretary of state's office when applying for a driver's license.

According to the sheriff's records department Barnes had a traffic citation in October of 1981 and is slated to appear in court in North Chicago on December 21, 1982, for another traffic incident that occurred on Nov. 1, 1982.

## ACHS Chorus sets concert

The fine arts department of Antioch High School will present its annual Christmas program, "Holiday Greetings", at 7:30 p.m., Thursday, Dec. 9, in the auditorium.

A program has been planned that will appeal to everyone. Contemporary music, music of the masters, Christmas songs of all types are programmed for the evening.

Choral groups performing will be the Madrigal Singers, Freshmen Girls' Chorus, Convert Choir, and the A-Cappella Choir.

Accompanists are Chris Kusher, Michelle Fabry, Jean Kim, Tim Montalvo, violin, and Eve Montalbo, cello.

Tickets are available at the door or from any of the members of the choirs.

## 30 burglary counts

# Teen goes to court, result is probation

The two 16-year old youths from Antioch, who were charged with a total of 30 counts of burglary and home invasion, have had their day in Lake County Juvenile Court.

The teen who was charged with nine burglary counts was placed on probation until Sept. 6, 1983.

The case of the other youth who was charged with 22 counts of burglary and home invasion was continued until 9:30 a.m., on Wednesday, Dec. 15, on a motion from the probation department.

According to Barbara Johnson, Lake County Asst. State's Attorney and chief of the

juvenile division, this motion was made to give time for the gathering of pre-placement material, a move that usually precedes placement in a corrective school for approximately one year.

The boys were arrested after a two-day burglary spree that included the break-in of Antioch homes, bicycle theft, illegal commercial entries in both Illinois and Wisconsin.

Johnson said that the Wisconsin charges were not dealt with because of the lack of jurisdiction of out of state cases by the Lake County Courts.

CHAMBER SEMINAR VIPs — Successful Chamber business seminars continued with November business luncheon that featured presentation by Sol Siegel, right, president of Goldman & Siegel, financial consulting firm, Chicago. Program on "Cash and Check Handling" was suggested by Bill Mingotti, center, State Bank of Antioch executive vice-president. ## 'Elves and Magic' fund Santa's mail

The Santa's Mailbox operation, run by Dan DeFosse and his elves in Antioch, is receiving a needed boost through the establishment of a cottage industry retail outlet.

DeFosse, who with the help of volunteers, answers letters to Santa from all across the country, has been seeking donations of stationery, envelopes and stamps to get the operation off the ground this year.

Some help has come in the form of donations from Sunrise Office supply, Antioch; the Antioch VFW; Maginot Funeral Home and Sweet Fantasies bake shop.

But a unique new enterprise will not only help provide support for the volunteer program, but will also provide a boost for "cottage industries" throughout Lake County, according to DeFosse.

With the cooperation of the bake shop, DeFosse has been collecting craft items and homemade toys made by residents in their home throughout the area. Dolls, toys and knitted items as well as crafts make up the majority of items so far.

The items are put on display in the bakery

window, located in the North Ave. Mall in Antioch and sold to Christmas shoppers.

Craftsmen put a price on their wares and then that price is marked up 20 percent with that profit going to support the Santa's Mailbox operation.

With low-priced craft items, the 20 percent doesn't amount to much, DeFosse noted, but every little bit helps.

"This helps Santa Claus and at the same time it gives the local people who make things in their home a place to get their stuff out for sale and a place where parents can go to get good quality stuff and minimal prices," said DeFosse.

"We like to say they're made by elves and magic," he added.

"It's something to help the little guy and help Santa too," he said.

Additional donations are still needed to keep the Santa's Mailbag program going. Those interested in providing items for sale as well as those wishing to donate to the mailbag program can do so by contacting DeFosse at (312) 395-4873 or (312) 395-5656.

# Seek cooperation in delivery of mail

Antioch Postmaster Mary Ann DeRemer has advised all customers that it is required that all mail boxes

have the box numbers clearly printed on the box.

If the box is directly in front of the house and the

numbers are clearly visible from the road, this number may be on the house.

The new Lake County five

digit numbering system has necessitated the changing of many of these numbers. It may even be advisable to have both the old and the current box numbers, DeRemer said. "The idea to keep in mind is that it is the expectation of both the post office and the customer that the mail be delivered in a timely manner," DeRemer noted.

"Many routes have new substitutes on them and all rural routes are on a five day schedule which necessitates the weekly use of a substitute carrier. It is your

responsibility to have properly identified boxes so that they can deliver your mail," she said.

DeRemer said this is about the last opportunity that residents will have to repair or replace their mailboxes that might necessitate putting in a new post or seeing that the current one is up straight and situated so the carriers can reach it from their vehicles.

"If each customer does his or her part, we will successfully make it through another Illinois winter," said DeRemer.

"This also brings to mind

another condition that will soon be upon us—clear access to mailboxes. It is necessary to have access shoveled or plowed so the carrier can deliver the mail without getting out of the vehicle.

"Once the snow is allowed to rut and freeze, it is very difficult to clear it again. If it is done on an occurrence basis it is much easier to handle," DeRemer suggested.

"Let's work together to give you the service you are entitled to—the best and least expensive in the world," she added.

## Smokeaters recommend detectors for gifts

During this Christmas and winter season, as well as the rest of the year, Asst. Chief Jim Quedenfeld, of the Antioch Fire Dept., Fire Prevention Bureau, would like to stress the importance of having at least one smoke detector in every home.

A smoke detector gives the occupants of a home early warning of a fire, so that they can be alerted and most likely will be able to escape in time.

A smoke detector is relatively cheap and it would make a fine Christmas gift to a loved one. Smoke detectors have saved many lives by their early warnings and have alerted the occupants when a fire is in its small stage.

The fire prevention bureau also warns people that are using kerosene heaters, that they must follow the safety rules that are printed on them. Also, here are some major basic rules for kerosene heaters.

First, buy and use only underwriter lab approved heaters. Use 1-K kerosene only, no substitute and never fuel the heater inside.

Then be sure kerosene is stored in an approved container and is clearly marked kerosene. An adult should always fill and light the heaters and be sure that the

heater is used in a ventilated room.

The fire prevention bureau will once again have the "Keep the Wreath Red" campaign. As in the past, a wreath will be placed on the fire station at Holbek and Orchard St., with a red light on it.

If at anytime during the holiday season there is a fire, in the Antioch Fire Protection Area, that is caused directly by holiday decorations, the red bulb will be changed to a white bulb, indicating such a cause and origin for a fire.

Through this program its hoped that each and every family, as well as all businesses, will be extra careful with their holiday decorations.

Quedenfeld asks everyone to please watch out for fire hazards and if any are found, correct them. Remember a smoke detector can save a life or the life of a loved one and they also make excellent Christmas gifts.

Quedenfeld asks everyone to please watch out for fire hazards and if any are found, correct them. Remember a smoke detector can save a life or the life of a loved one and they also make excellent Christmas gifts.

Please follow all of the safety rules in the operation

of kerosene heaters. By staying alert and following the fire safety rules, a giant step will be made in "Keeping the Wreath Red in 1982."

# Women of the Moose plan party for kids

November was a very busy month for the Antioch Women of the Moose. The library committee with Chairman Mary Tollison were hostess for the chapter and business meetings.

Laura Miller was enrolled at the Nov. 4 meeting. Laura was sponsored by her mother, Barbara Miller, publicity chairman. Nov. 13 the library committee held a very successful card party that was enjoyed by everyone that attended.

Nov. 14 saw the lodge very busy again with the special

Green/ Cap ceremony honoring Junior Graduate Regent Terry Smallwood. Nine visiting chapters took part with Past Deputy Grand Regent Marianna Koller, of Cicero, as the guest speaker. Four candidates were enrolled at this special meeting. They were, Jenny Hansen and Debbie Pugh, sponsored by Senior Regent Marge Hansen, Carolyn Zimmerman sponsored by June Ballenger and Karen Bates sponsored by Mavis Dingsdale.

Junior Graduate Regent Terry was presented a

beautiful hand painted Pickard china bell, from her co-workers and the Loyal Order.

Co-worker Louise Stenberg was selected co-worker of the month for December.

Dec. 9 at 6:30 p.m. the chapter will hold their Christmas party. All co-workers are welcome, so whip up your favorite recipe for a dish to pass and join your friends for an enjoyable evening. There will be a \$5 grab bag, if you wish to participate.

Saturday, Dec. 18, from 2 to 4 p.m. the childrens

Christmas party will take place at the lodge, but children must be registered by Dec. 8. Don't forget, because Santa's toy bag is

filled and waiting and his helpers are eager to please all the little ones.

Donations of non-perishable food items can be

dropped at the lodge to insure a plentiful holiday for those less fortunate. Money donations will also be accepted.

## County tax board announces hearings

Appeals on the assessed valuation of property in Lake County will be heard by the property tax appeal board at 18 N. County St., Sixth Floor, Room 603, Waukegan, on Dec. 6, 7, 8, 9 and 10, according to Albert A. Seppi, board chairman.

The appeals are a result of the decisions by the Lake County Board of Review and

are open to the public.

The appellants, location of property, appellant's claim, and hour of the hearings are:

## The Time Machine

When I think about it

### Did your kid's diploma cost almost \$81,000?

by GLORIA DAVIS

Just about everyone admits that most products and services are presently unjustifiably high priced.

With statistics slumping in 1981, showing that the average high school graduate has the education of a first semester sophomore on the day that he receives his diploma, our public schools' educational system seems to be near the top of the "cost doesn't justify the results," list.

The president of one of our local school boards was telling me that he figured out that the American taxpayer is paying in excess of \$81,000 for the education that precedes high school graduation day.

Now this is a loose figure computed with kindergarten costing \$2,000, grade school \$3,000 per year and high school approximately \$4,000 per year per student.

And today's average college costs can easily raise that figure to \$144,000 being spent before our children are ready to face the world, sheepskin in hand.

These 12-year and 16-year scholarly totals were arrived at by adding to the base costs, interest on the money spent computed using 10 percent compounded figures to show what the total monies would be if otherwise invested.

At half the cost, this revelation might tend to make one wonder how much these figures would be lowered if our educational system was revamped and slanted toward the majority of students.

Can this be done by removing many of the state requirements that were nice additions during the boom years, such as installing costly elevators in two or three story buildings for the use of handicapped students?

Naturally this is a nice thing to have but with school districts all over the country screaming for financial help maybe the same less expensive method that helped incapacitated students before could be used again.

I know of one school where the three-year old elevator has yet to be used.

And maybe going back to the three R's, stressing them a little more and "trimming

the fat" of our school curriculums by eliminating many of our elective courses that are mere luxuries, might knock those figures even lower.

I personally know too many high school graduates that are incapable of giving correct change without the aid of a calculator, can't fill out a simple job application correctly and are stymied by words that exceed three syllables.

Since the main purpose of education is to prepare our children to go out into the cruel world and earn a living, these results more than point out that there must be great inequities in the system.

Now we come to a very delicate area, extra-curricular activities. I agree that participation in sports, band, art etc. all help to build character, broaden interest scopes and most of all help keep the kids involved.

Short of elimination in favor of primary education, maybe these too have many frills that can be trimmed to keep them in the affordable category.

Somehow our forefathers survived and participated in many of these things to their betterment but in a simpler manner.

Here's a hard-hearted suggestion. Move special education from the public spectrum if necessary since these students are not tomorrow's living wage earners for the most part. If those base wage earners suffer, the entire country collapses.

All these suggestions could fall under last ditch tries, but don't scoff "impossible" at the possibility of many of our schools' doors could having permanent locks on them in the not too distant future if something isn't done soon about the astronomical cost of education.

Here's a way-out thought. Where would the average 25-year-old be today if he had learned the three R's at his mother's knee, been raised in a two-parent home, taught to follow the golden rule and how to work towards a goal (all gained inside the family circle) and been handed \$81,000 on his 18th birthday to make his way in the world?

But all those things add up to a book on today's society and its effects on our children plus an episode of Fantasy Island.

FIFTY YEARS AGO: Dec. 8, 1932

Bill Brook was emoting in the Antioch High School's senior class play, "Honor Bright."

The review claimed that he was well suited for the part of the male lead Richard Barrington.

S. E. Pollock was elected Worshipful Master of the Masonic Lodge.

Webb's Shield Quality Store had the busiest sales day of its history.

Bernice Jensen headed the list of honor pupils at Antioch High School.

National Tea Co. celebrated one-third of a century of progress.

A 20 ounce package of Quaker Oats was selling for five cents and rolled rib roast beef was selling for 23 cents per pound.

Chester Morris and Mae Clark were starring in "Breach of Promise" at the local cinema.

THIRTY YEARS AGO: Dec. 4, 1952

A fire in a clothes closet gutted a room in the house of Antioch Rescue Squad Chief Herman Holbeck.

An Antioch resident ran over herself with her own car. Mrs. Ethel Ring was injured in a freak automobile accident. She was backing out of her driveway on Spafford St. and had opened the door so she could see in back of her car, lost her balance and fell out of the car. The left front wheel of the car ran over her. At the time of the report she was recovering nicely.

A men's organization called the Blubber Club was meeting in the high school gym to play volleyball, handball and badminton.

Tom and Peggy Comerford escaped injury when their car went out of control and plunged 50 feet into the Barthel Gravel Pit.

TEN YEARS AGO: Dec. 6, 1972

Tom Santino had filed suit against the Lake County Board for rejecting his request to build a planned unit development.

While tearing down a building on west Main St., Irv Buchta found a hand blown glass bottle inside the walls. A note encased in the bottle carried a list of names supposed to be the names of the building's builders.

An editorial in the News blamed rising costs and lagging revenues for the loss of funds that had the Antioch High school tightening its belt as much as possible by making many cuts, especially in the area of extra curricular activities.

Mrs. Geraldine Chandler was credited with giving birth to dolls whose heads were made out of dried apples.

#### CAGE PROGRAM

Antioch Parks and Recreation will be sponsoring its boys' basketball program beginning Jan. 11, 1983. The age requirement is nine through 13. The program will begin at 6:30 p.m. The cost is \$25 for eight weeks, and one can sign up by calling Glenda at the parks office at (312) 395-2160.

## Along the way with ANNIE MAE

Lyla Beth Hunter will be the speaker at the Dec. 9 meeting of the Antioch Women Aglow Fellowship. She will be ministering in song and giving her testimony. The meeting is at 7:30 p.m. at the Antioch State Bank, Thursday, Dec. 9. All denominations are welcome.

Wasn't the Chamber's fashion show fun! Old Annie Mae will long remember all those beautiful clothes and the beautiful legs of Jim Bucar. Guess maybe I'll take up tennis if they are the results of all that clay-court play or was it that door-to-door campaigning? And isn't that Ann Kakaček remarkable and so pretty too! John, you lucky boy!

It wasn't until that night that I realized how much Larry Leafblad and Dick Paddock were type-alikes, the merits of which some might deem debatable. Just kidding boys!

Congrats to Joe and Carol Badame on the 10th anniversary of Weasel's out on Rte. 173.

Claudette Skvarce tells me that there will be a permanent mail box to receive all letters to Santa Claus put up by Thursday, Dec. 9, by Santa's new home near the water tower.

Well our long search for the Godparents of Sta Foister of Nottingham, England, has proved fruitful, thanks to a tip from Elaine Oftedahl.

Look in an upcoming News for a feature story on our English friend and Robert and Mary Nelson, formerly of Antioch.

Wayne Parthun, Allendale administrator, was in the News office with great news of the new Youth and Family Guidance and Counseling Center now in operation at his school for boys.

Not only will this new program benefit the Allendale students but its facilities can also be used by local residents.

Jim Eagam tells me that its the time of year when the Antioch VFW is asking for donations for the benefit of the veterans at North Chicago Hospital.

They are asking for community donations of cookies, cake, candy and gifts to be dropped off at the Antioch Police Dept.

Jim said that anyone who would like to actively participate in this worthwhile endeavor by going to the hospital can get information by calling him at (312)395-5512 or (312)395-5393.

## Bucar top Chamber model

by GLORIA DAVIS

The lights lowered, stereophonic holiday music filled the room. Larry Leafblad of WXLC had done the introductions and Ann Kakacek's smooth voice heralded the start of the Antioch Chamber of Commerce and Industry's second Christmas fashion show, "Christmas Creations."

With a gaily decorated Christmas tree in the background, the 250 Chamber members and their guests that were present at the Windjammer Restaurant on Thursday, Dec. 2, were given help with their Christmas shopping.

The enticing suggestions showed by the local models ranged from fleecy robes to a blue fox jacket, all items available from Antioch's clothing stores.

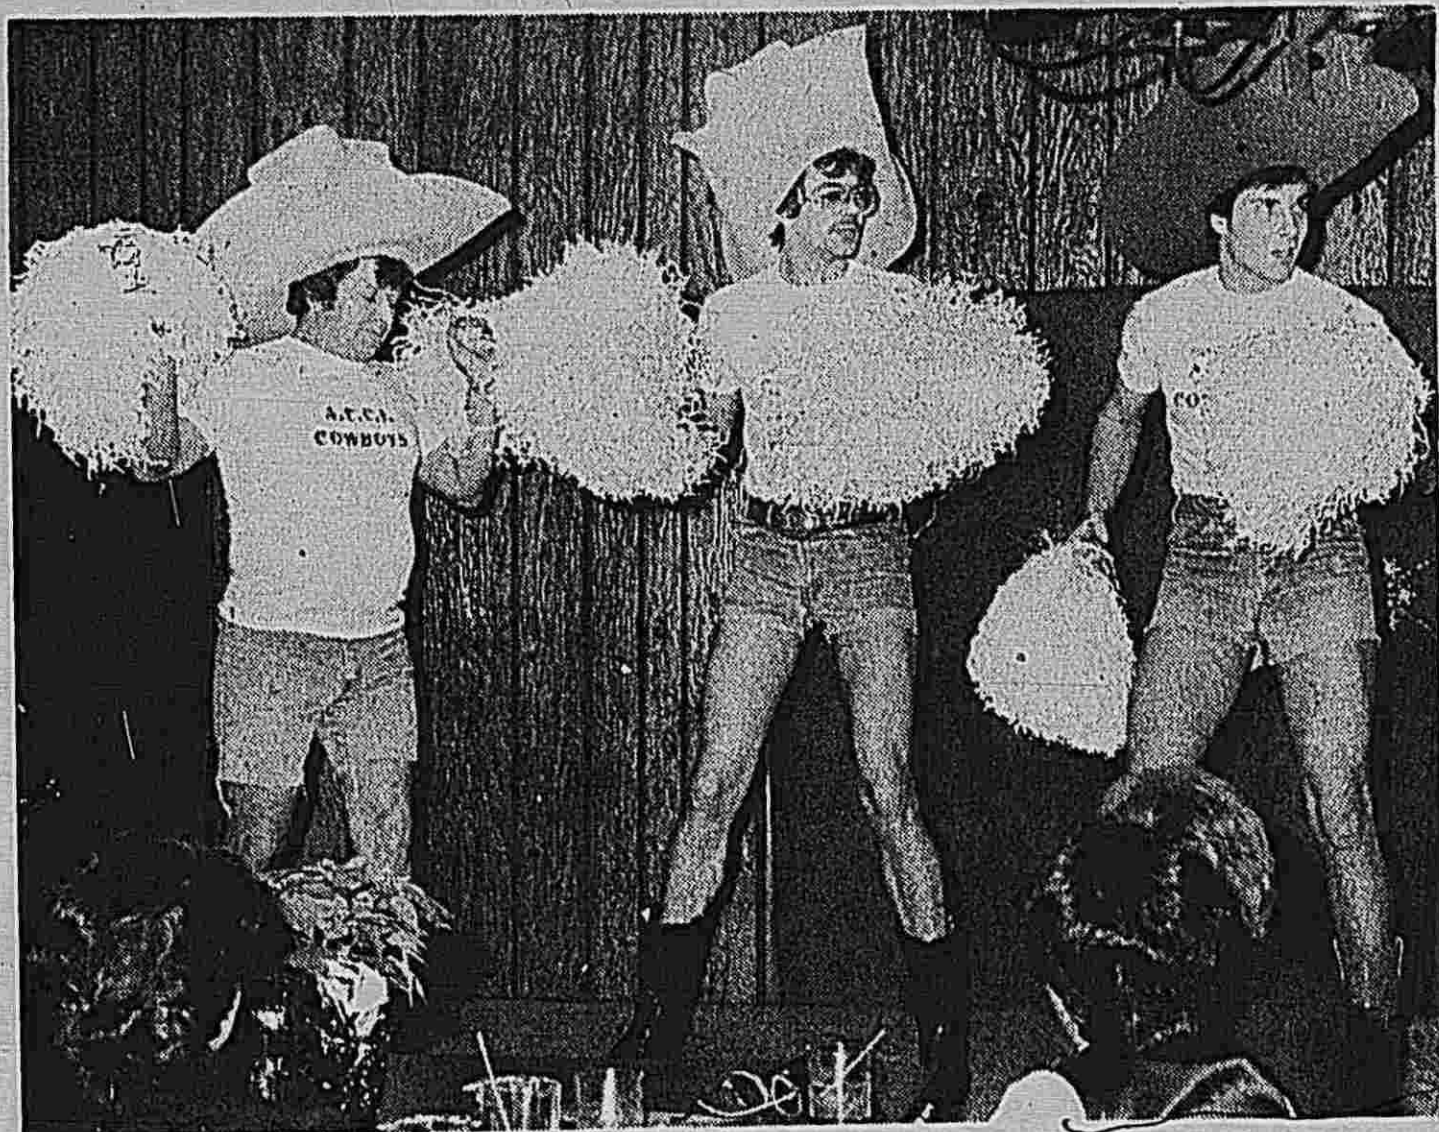

Excitement mounted as the many door prizes were awarded by Leafblad and Santa although there was some difficulty in giving away a wreath donated by Ben Franklin to someone other than the family and friends of Don Marski, the store's manager.

Leafblad's auctioneering efforts soon got into full swing, although they had a slow start, despite the fact that the lovely Florence Babusek was showing the robe and gown that was on the block first to the best advantage.

Delightful entertainment was interspersed between the fashion segments, the auctions and the prize awarding. Robin Geske's elfin dance and a surprise appearance by Jim Bucar "in the flesh" were two of the evening's highlights.

## Operation Tabletop set for ACHS

On Tuesday, Dec. 14, a radiation check and possible decontamination treatments will take place at Antioch High School (ACHS) when Operational Tabletop is implemented.

Under the auspices of Commonwealth Edison and the Emergency Service Disaster Agency (ESDA), approximately 30 Explorer Scouts will take part in a mock-disaster drill in Zion after which they will be transported to ACHS where they will be checked for radio activity and decontaminated if they are found to be "radioactive."

Plans were made for this exercise at a meeting on Nov. 18 attended by ACHS Superintendent Warren Polley, representatives of Edison, the ESDA and the Red Cross.

Ed Frazier, ESDA in Antioch, and Frank

Johnson, Commonwealth Edison, Antioch, are both involved in the program.

Officials will make a run-through check at the school on both Dec. 7 and 13.

Polley said that he expected the Scouts to be transported by two buses.

"We expect that federal people will be observing the exercise to see that it conforms with federal standards," Polley said.

All the people involved will eat lunch in the high school cafeteria afterwards.

### LUNCHEON

The Lake County Human Services Council will hold its annual holiday luncheon on Wednesday, Dec. 8, at the Sheraton-Waukegan Inn, 200 N. Green Bay Rd., Waukegan.

**WRAPPING FOR CANCER** — Volunteers of the Lake County Unit of the American Cancer Society will be wrapping packages at Hawthorn Center from Friday, Dec. 10, until Friday, Dec. 24. Getting everything ready are, from left, Alice Moody, Libertyville, with Angela Maras, director of public relations for Hawthorn Center; Barbara Redzus, Lake Forest, and Janet Brook, Antioch, chairperson of the gift wrap. Gift-wrapping hours are: Monday through Saturday, noon to 9 p.m., Sunday, noon to 6 p.m. and Christmas Eve day, noon to 4 p.m. Proceeds of the gift wrapping benefit the American Cancer Society.

## To talk on control

A series of public workshops to discuss plans for flood control and water quality improvement along the Fox River in Illinois will be held at four locations Nov. 23, 24, 29 and 30. Sponsored by the Chicago District U.S. Army Corps of Engineers, the workshops will be held Nov. 23, in Geneva at city hall, 22 S. First St.; Nov. 24 in Elgin at the Council Room, 150 Dexter Ct.; Nov. 29 in Crystal Lake at the Algonquin Twp. Hall, 3702 N.W. Highway; and Nov. 30 in McHenry at city hall, 1111 N. Green St. Each workshop will begin at 7 p.m.

Chicago Dist. Engineer Lt. Col. Christos A. Dovas said the workshops are being held to obtain the public's comments on the plans in order that the Corps can consider them in selecting one plan for possible recom-

mendation to Congress.

Three alternative plans for flood control, water quality and related purposes will be discussed at the workshops.

Plan One calls for flood proofing measures such as elevating homes and installing a floodwarning and forecasting network in the Fox River-Chain O'Lakes area.

Plan Two proposes modifying the dams between Geneva Dam and McHenry Dam. Under consideration are cutting notches, adding gated structures and providing canoe chutes at some dams.

Plan Three, still under development, will combine features of Plans One and Two. Comments expressed at the workshops will be considered in defining the components of this plan, Dovas said.

Deadline for this year's

## Crane trial continues on Dec. 14

Congressman Philip Crane (R-Mt. Prospect) is scheduled to appear in court Dec. 14 in Marin County, Calif. in the next step of his trial on drunk driving charges.

Crane plead innocent to charges in October and the December court date was set at which time Crane can either change his plea or proceed with trial plans.

Crane was arrested Oct. 18 when a California Highway Patrolman said he saw the car Crane was driving weaving from lane to lane and driving under the minimum speed limit on U.S. 101 north of San Francisco. Police said Crane failed a roadside sobriety test and refused blood and breathalyzer tests, telling police he had only three or four beers.

Crane was also found to be driving on an expired Illinois Drivers License.

Crane denied that he was drunk, but admitted to driving slowly because he was not familiar with the car he was driving. Riding in the car with Crane was long-time friend Robert (Bucky) Isaacson, who owned the car, but who Crane said was too drunk to drive.

Crane was in California at the time to address the Young President's Organization.

contest, which is once again tied in to the annual U.S. Marine Corps Toys For Tots drive, is Friday, Dec. 10.

Talented young writers and artists have until that date to submit their entries in Lakeland Newspapers' annual Christmas Theme Contest which Lakeland Newspapers will once again hold to help promote the annual Toys For Tots Christmas drive in conjunction with the U.S. Marine Corps Reserves.

Once again this year the contest is planned to help promote and benefit the Toys For Tots drive. Contest participants have from now until Dec. 10 to submit entries in the annual Christmas Theme Contest. A toy donation with entries is requested.

Lakeland Newspapers offices in Antioch, Grayslake, Fox Lake, Wauconda, and North Chicago will serve as drop off points for the Toys For Tots drive.

This year's contest will feature prizes in three different age groups.

Entries in Group I, ages five to eight, should draw a picture depicting "Christmas At My House," using crayons, markers or pen on a regular sized sheet of paper.

Entries in Class II, ages 9 to 13, should write a theme, 500 words or less following the theme of "The Meaning of Christmas Giving."

The third category, Class III, ages 14 to adult, should be a theme, 500 words or less stating "What Christmas Giving Means To Me."

One grand prize will be awarded along with first, second third place prizes in each category.

All entries must have name, address, town and category entered and phone number on the entry. Themes and pictures will not

be returned to participants and all entries become the property of Lakeland Newspapers.

Decision of the judges will be final and judging will be based on originality, creativity and neatness of presentation. Entries to the contest must be appropriate to the theme. Winners will be notified by mail.

Winners will be published in Lakeland Newspapers Christmas issues of Dec. 23. All entries must be postmarked no later than Dec. 10 and sent to Lakeland Newspapers, Box 268, Grayslake, Ill. 60030.

However, entrants are urged to drop off entries at one of the five Lakeland Newspapers offices and include a toy donation to Toys For Tots along with their contest entry.

## 2 guilty of beating 90 year-old woman

Michael Pinkham, 19, Antioch, and John Schneider, 18, Lindenhurst, were both found guilty of the aggravated beating and robbery of Ethel Jimmerson, 90, Antioch Township last May.

Lake County Circuit Court Judge William Block handed down the guilty verdict and ordered both men to jail to await sentencing on Friday, Dec. 17.

According to Assistant State's Atty. Matthew Chancey, the two men broke into the home of Ethel Jimmerson on Andyville Rd. about 3:45 a.m., last May 9.

Jimmerson, who lived alone in the home as a caretaker, apparently startled the two men. Pinkham admitted to striking her in the head with a wooden stick.

Chancey said the two then took several items including a television set, rug and porcelain lamps from the home. They then went to Pinkham's home to get Schneider's car. While the two were loading the car in Jimmerson's driveway, they saw the flashing red lights of the rescue squad, called by Jimmerson, and fled on foot.

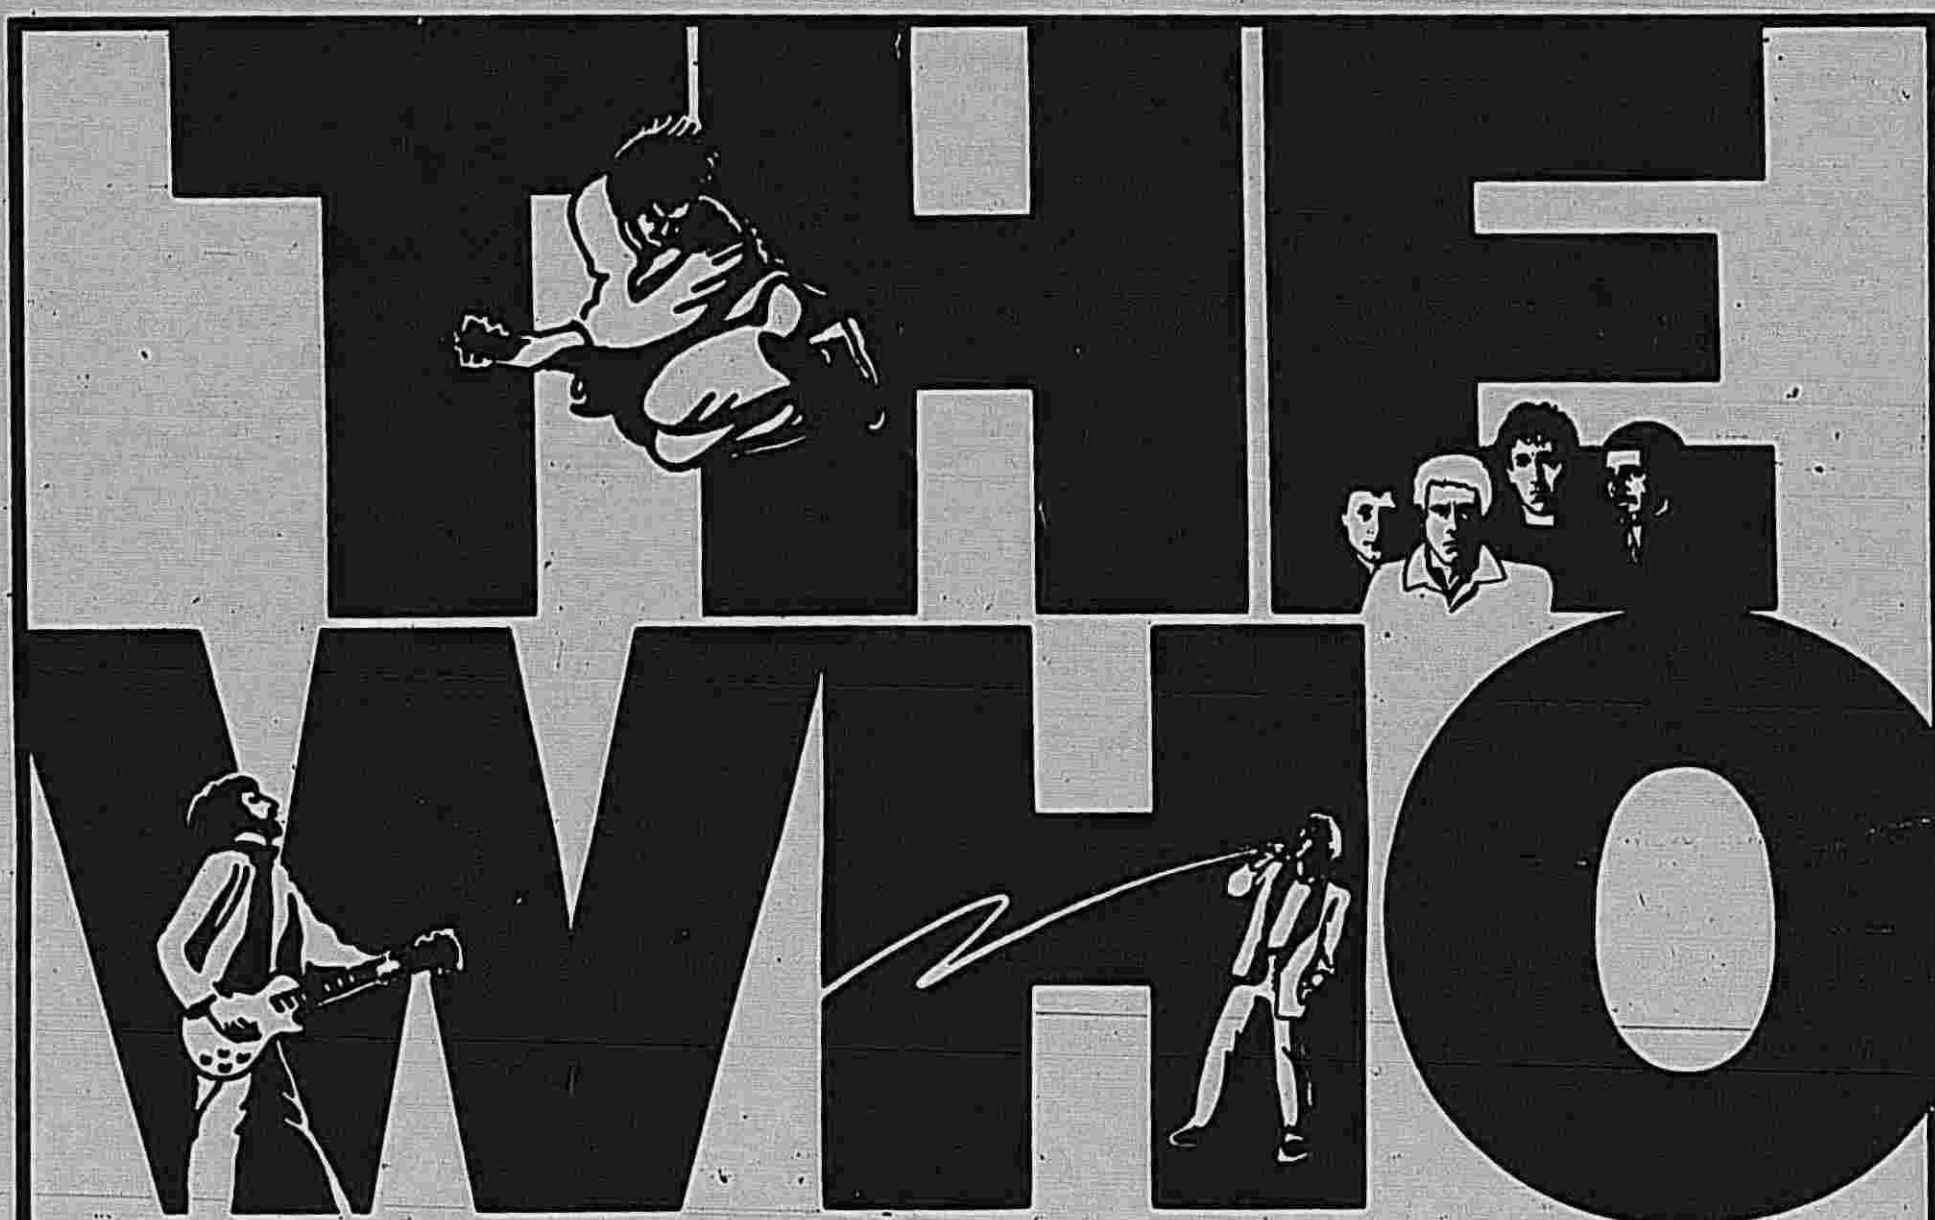

Neighbors reported to police that Schneider was walking barefoot along the shore of the lake near the home and Pinkham's mother brought her son the sheriff's deputies shortly thereafter. Both gave statements admitting to the break-in.

Jimmerson was taken to St. Therese Hospital, Waukegan, where she remained for 20 days. Dr. Gloucester Price testified that her face was swollen beyond recognition.

Following her release, Jimmerson went to live with a daughter in Chicago and subsequently has had both legs amputated due to aggravated diabetes. Chancey said that the amputations cannot be safely attributed to the attack however.

Both men faces sentences of four to 15 years for burglary and two to five years for the battery. If the judge decides that the crime was particularly heinous or cruel, the sentences could be doubled, Chancey noted.

He assistant state's attorney said he hasn't decided yet whether he will seek the double penalty, but will discuss the issue with State's Atty. Fred Foreman.

## 4 Antioch Realtors attend institute

Four Antioch Realtor associates are attending the week-long Realtors Institute sponsored by the Illinois Assn. of Realtors and held in Peoria.

All are members of the sales staff at Century 21 Michael Warren & Co. in Antioch. Attending are Larry Fales, Eva Hawryluk, Cindi Keller, and Cynthia Suforma.

The Realtors Institute is recognized as one of the finest career training facilities available in real estate. During the week-long session, the Realtors will spend more than 35 classroom hours studying all aspects of real estate including residential construction and design, appraising, license law, principles of finance, obtaining listings, personal career

management, and other topics.

"There isn't a better way for real estate professionals to enhance their professional careers than to attend this training institute. Our clients and customers certainly benefit when their agents are trained and knowledgeable," stated Mike Warren, owner of Century 21 Michael Warren & Co.

### MARSHAL

Matt Glover of Antioch is one of 10 Eastern Illinois University students who will serve as a marshal or aid at the fall semester commencement. Chosen by the Student Council to represent the student body, they will be the official ushers for the ceremony.

### WHAT KIND OF FILLING?

Q: How does a dentist determine what type of filling to use in a tooth?

A: A silver alloy is usually the best filling to use in most dental cavities because it is durable and inexpensive, and does the job of sealing the opening of the tooth against further decay. However, when the tooth is damaged extensively, gold is the better filling material because the silver alloy is not strong enough to withstand chewing pressures and will fracture.

The third filling choice, a mix of resin and plastic, is used in front (anterior) teeth because it blends with the natural tooth color and looks better. Not as durable as the other two filling materials, it requires periodic replacing, as it stains and washes out.

## Bahais hold memorial

The Antioch Township Baha'i Community met on Friday, Nov. 26, at the home of Mr. and Mrs. Ray Fechter, in a devotional and memorial program honoring the recent martyrs to the Baha'i Cause in Iran.

Hundreds of Baha'is have been arrested and im-

prisoned for their affiliation with the Baha'i Faith, and over 135 have been recently put to death.

Thousands are homeless and hundreds are forbidden employment. All Baha'i properties, cemeteries and holy places have been seized

or destroyed by the government since the fundamentalist regime took power. Baha'i children are denied the privilege of schooling.

Recently, three United States Congressmen have called upon President Reagan to take steps on behalf of the persecuted Baha'i religious minority in Iran.

Rep. Edward Derwinski, (R-Ill.), James Leach, (R-Ia.) and Donald Bonker, (D-Wa.) urged the President to express, through American representatives to the United Nations and other international bodies, "the moral outrage of the people of this country over the persecution of the Baha'i in Iran."

The congressmen's letter comes in the wake of joint senate and house passage of a resolution condemning the government of Iran for its "conscious effort to destroy the Baha'i Community."

The Baha'i Faith, an independent world religion, is viewed as a heresy by the fundamentalist Iranian regime. The religion has no constitutional guarantee of human rights as do the other religious minorities in Iran.

Its principles, among them the equality of men and women, the oneness of religion, and the essential harmony of science and religion, are perceived as "threatening and dangerous" by Iran's leadership.

## St. Peter opens basketball action

On Sunday, Nov. 28 the St. Peter sixth, seventh and eighth grade teams played St. Thomas of Crystal Lake.

The sixth grade won 18-2, the high scorers were Jason Bellucci and Ken Litchfield each with eight points.

The seventh grade lost 53-38. Steve Dittrich was the high scorer with 16 points.

The eighth grade lost 60-48. The high scorer was Brad Schuenaman with 16 points.

On Monday, Nov. 29 the sixth, seventh and eighth grade teams played St. Joseph of Round Lake. The sixth grade lost 22-16. The high scorer was Ken Litchfield with eight points. The seventh grade won 53-27. The high scorers were Troy Schroeder and Scott Frisch with 16 points each. The eighth grade lost 48-28. The high scorer was Mark Carpenter with 14 points.

The sixth, seventh and eighth grade teams played St. Catherine of Dundee. The sixth grade won 23-19. The high scorers were Ken Litchfield and Jason Bellucci with 11 points each. The seventh grade won 47-36. Steve Dittrich was high scorer with 25 points. The eighth grade lost 36-18, the high scorer was Brad Schuenaman with 10 points.

## Rainbow sponsors to meet

The annual meeting of the group of Antioch Assembly No. 23, Order of Rainbow For Girls, will be held at 3 p.m. Sunday, Dec. 12, at the Masonic Temple, 885 Main St.

The group will elect a new advisory board for the Antioch Order.

The year's work of the assembly will be reviewed. All interested Eastern Stars and Masons are invited to attend.

Although Irving Berlin wrote "God Bless America" during World War I, he waited until 1938 to have it published.

The first legislative assembly in America was formed in Jamestown, Virginia, in 1619.

**INSIGHT INTO  
EYESIGHT**

**Dr. R. A. Sona,**  
OPTOMETRIST

**YOUR OPTICAL CENTER**

When your eye doctor prescribes glasses or contact lenses for you, he'll be giving professional attention to your exact point of viewing.

The optical center of the lens is a tiny point positioned directly in front of your pupil. This is the point at which light passes through your eye on its way to the retina. If the image is clear, the retina sends a clear picture to the brain. Then you know exactly what you're seeing. But you can't get a clear image unless the light is bent correctly. That's what corrective lenses do. They bend the light just enough to create a clear image.

Usually, both eyes need correcting, but never in exactly the same way. Each lens has to be specially ground to correct the vision problems in each eye.

Glasses or contact lenses will not cure any structural errors in your eyes. But they'll make it possible for you to see clearly, and comfortably.

## Chain O'Lakes Services plans senior Yule party

Volunteers for the Chain O'Lakes Senior Services in Antioch will be sharing their holiday with the lonely, needy, and other seniors in general, at their annual Christmas party.

The festive occasion will take place from noon to 3 p.m., on Friday, Dec. 10, at the Moose Lodge in Antioch on Main St.

These thoughtful people will be preparing all the food and drink that will be served at the party as well as transporting those seniors who wish to attend, to and from the Moose Lodge on that day.

Gifts and entertainment will be provided

by the various community groups, one of which will be the Antioch High School Madrigal Singers under the direction of Ralph Brooke.

With the exception of three salaried employees of the Chain O'Lakes Senior Services, all of the staff are volunteers, 90 percent of whom are seniors themselves.

Some of this group's better known services for seniors, the lonely and the needy, on a daily basis, are Meals-On-Wheels, Out-Reach and Tele-Care (telephone contacts made daily,) just to name a few.

**DANCES IN 'NUTCRACKER'**—Kevin C. Lamar, 40717 N. Lake Bluff Dr., Antioch, will be appearing in Chicago Tribune's 16th annual production of "The Nutcracker Ballet", Dec. 17 through Jan. 2 at the Arie Crown Theatre, Chicago.

## Sequoits get first win

"Well we finally have a victory to report," said Antioch's new basketball coach, Don Zeman, after the Sequoits edged the Round Lake Panthers, 57-54, on Friday, Dec. 3.

That puts the Sequoits record at 1-0 in Northwest Suburban Conference play and 1-3 in overall play as they get ready to face Johnsbury on Friday, Dec. 10,

and host North Chicago, on Saturday, Dec. 11.

Tom Anderson was the top scorer for Antioch against Round Lake. Chris Becker came next with 12, followed by Don Korjenek who put 10 up on the scoreboard.

The Sequoits were ahead by 14 points at the end of the third quarter and "it looked like we had solved their zone

defense when they changed defenses in the final quarter which confused us," said Zeman.

Even though their changing defense helped the panthers to outscore the Sequoits, 22-11, in the last quarter, Brad Herbst is credited for finally coming through for Antioch in solving Round Lake's changing defense.

## Landfill hearing records may face alterations

With the Pollution Control Board hearings on the Antioch landfill expansion underway, Waste Management, Inc. has already come forward with a request for a 256 line item change in the official records of the hearings held thus far involving the village of Antioch, Lake County and the disposal company.

The committee hearing officer, Alan Shoenberger, Loyola University, Chicago, took the amending motion under advisement but those representing the village of Antioch have already voiced their strong opposition of this move made by the disposal company.

Speaking for the office of Ken Clark, the attorney that has been representing the village from the start of the disposal company's expansion move, Donna Henderson, his law associate, said that she understood that most of the changes requested by Waste Management would be granted despite the presiding officer's statement of mere consideration of the move.

"Some are spelling changes, but some are substantive changes in the record," said Henderson. Henderson pointed out that the record was certified by the county clerk on Oct. 21, but changes weren't presented by Waste Management until Nov. 23.

"We want to keep intact the integrity of the record as a whole," said Henderson.

Henderson said that Waste Management

asked that a letter that Antioch Mayor Ray Toft sent to county board members be entered into the record and village counsel then moved that a letter from Waste Management should then also be included.

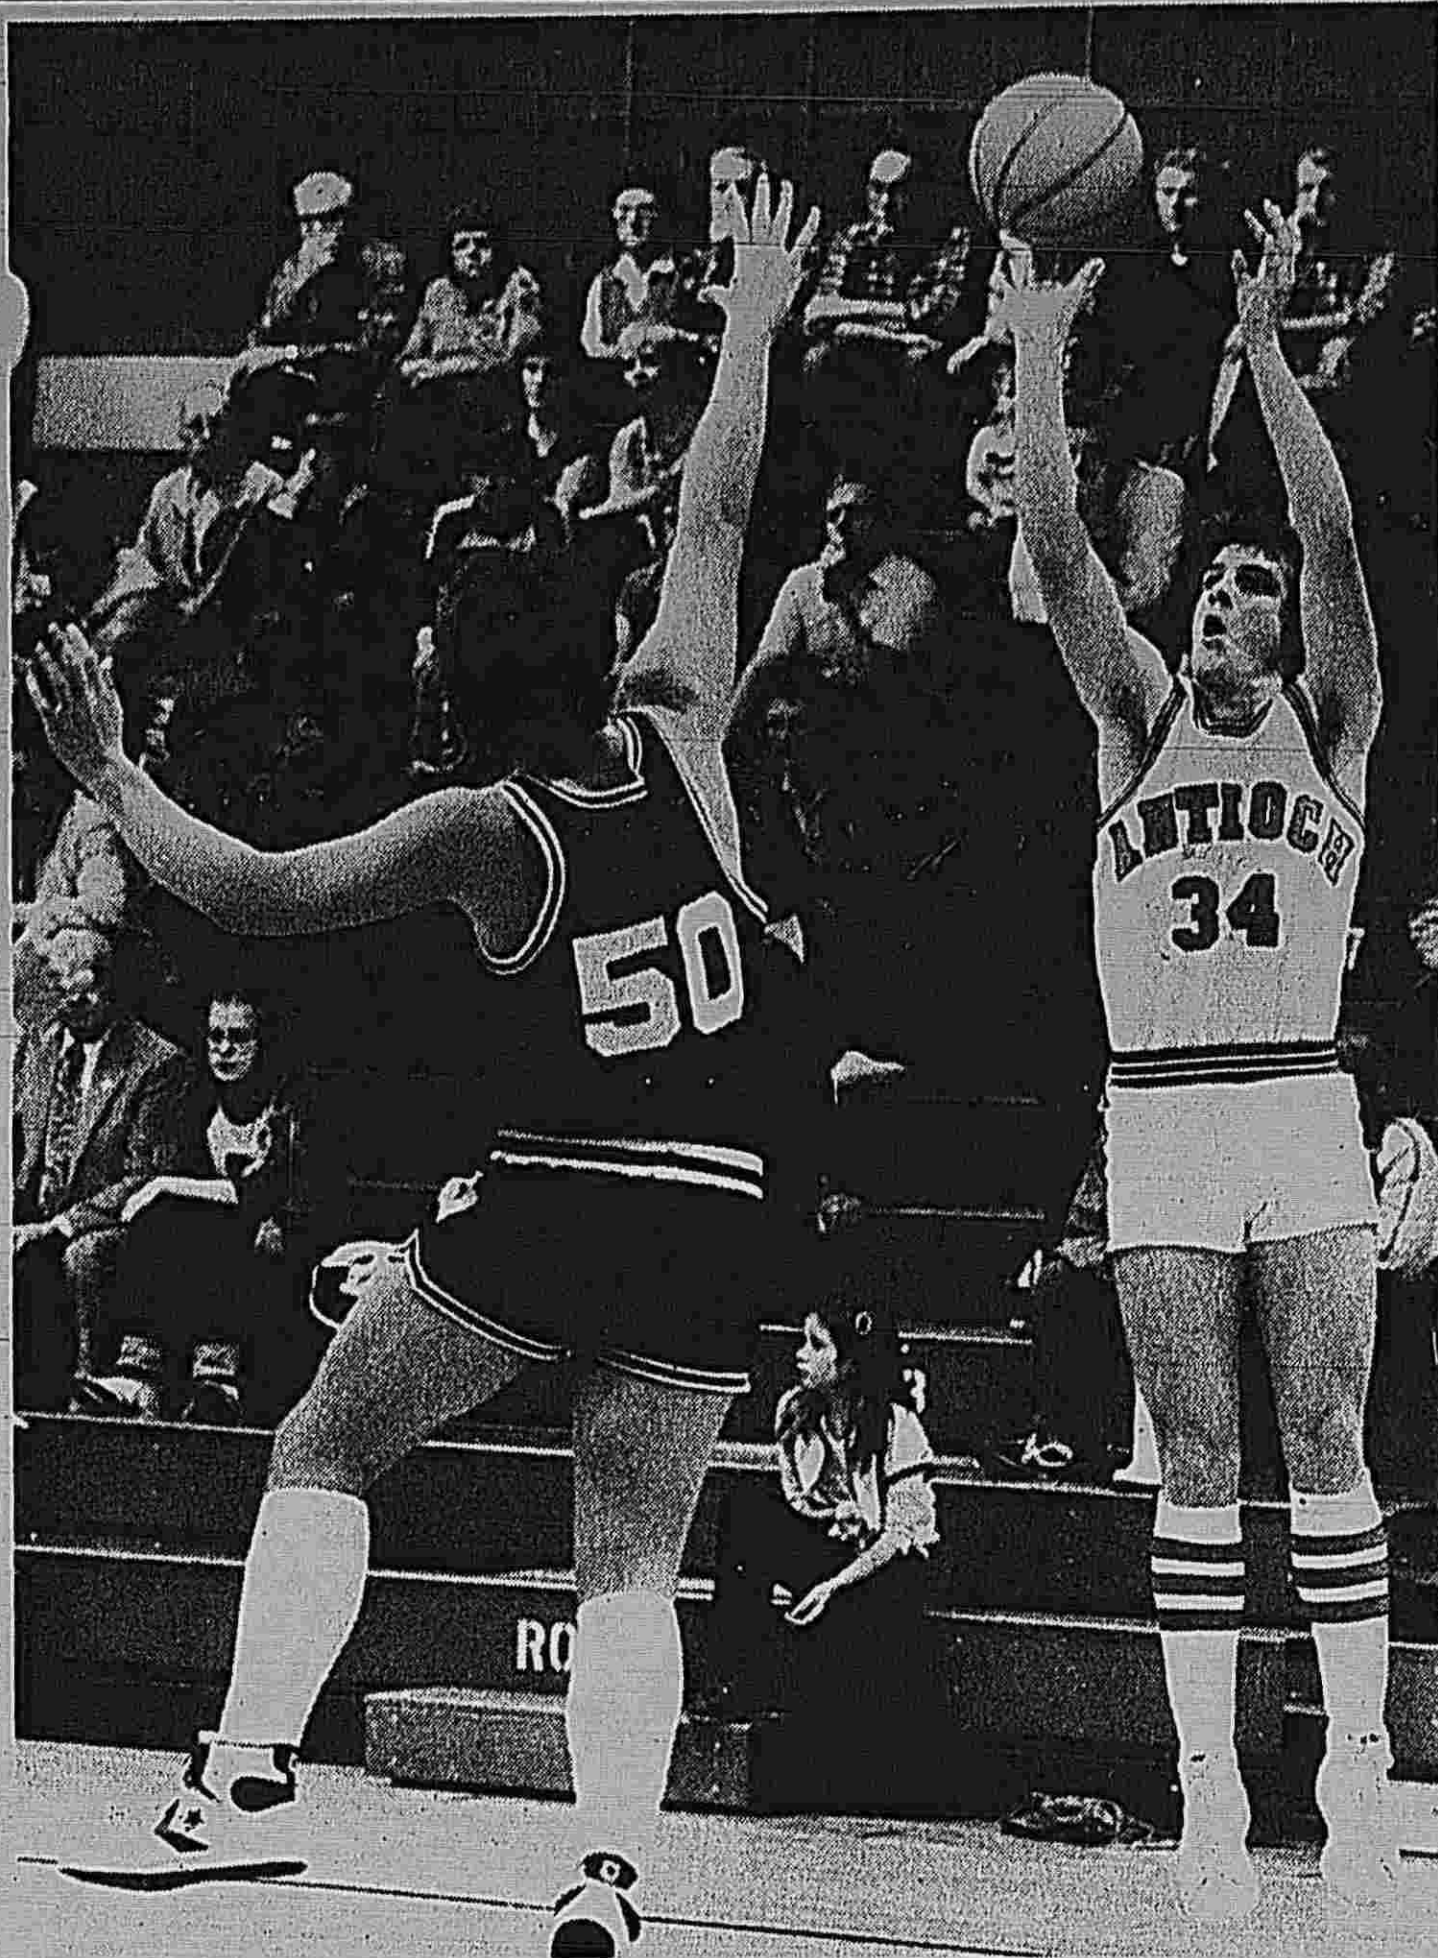

"The state's attorney properly ruled that neither one was appropriate. Neither was part of the official record," said Henderson.

Henderson said that Waste Management also asked that a transcript of the county board hearing at which the vote was taken (to deny the application) should also be included. "That's a direct attack on the motives of the county board and the Pollution Control Board said that that's not an issue," said Henderson.

A briefing schedule has been established in which Waste Management has until Dec. 3 to file its brief. The village then has until Dec. 13 to file its and then Waste Management has until Dec. 17 to respond. A decision is expected by the end of December.

Antioch Village Trustee William Seamann told the Pollution Control Board that he believed the hearing had been a fair procedure and that he didn't understand the attack on the official record, Henderson said.

"They're trying to change and distort the record and we're going to be fighting it. It's important to try and preserve the record," said Henderson.
